Day Two

Monday 5th February
Johannesburg

1st Law of Origination

Full day excursion into the origin of our species, as we Follow our Pawprint, finding our own original path, while reestablishing our an-
cient contract with the great cats, with a visit to the Origins Centre and Sterkfontein Caves, where it all began...and begins again...
Sterkfontein caves are situated in ancient Magaliesberg Mountains, where significantly, deep in the bowels of the earth, gold seams
were discovered. The mines, deep underground, have been the source of Johannesburg's wealth, and conflict. This prompts our key
comparison: Gold as Enlightenment vs Gold commercial commodity. At sunset, we lay the foundation of our understanding of the dif-
ference between service-based Leadership vs Leadership-as-self-service, exploring the 10th Law of Governance. We open the op-
portunity to restore our Sacred relationship with Money, Values and Value systems, Gold and Alchemy as we reevaluate our apex role
of stewarding our resources.

Day Three

Tuesday 6th February
Margsol Guesthouse in the Mist

2nd Law of Appreciation

Our overland journey takes us over spectacular mountain passes, including South Africa's most dramatic Long-Tom pass, named after
the biggest cannon in the Anglo-Boer war. A context for lively consideration of our old patriarchal leadership regime vs the service
based “LionHearted” Leadership being birthed in our day and most especially through our unique training...
We conclude our travels at Margsol Guesthouse, a familiar cosy retreat nestled in the mist belt (booked exclusively for the group).
This characterful colonial guesthouse was one of the very first in the region, and was the place where famous naturalist Eugene Ma-
rais wrote his books “Soul of the White Ant” and “Soul of the Ape” - the first of their genre, investigating the power of the collective
mind. Linda Tucker spent some of her early childhood here.
Day ends with 3 course Vegan Meal: Lesson in taste, texture, variety, nutrition, abundance – a delightful opportunity to exercise our
application of the 2nd Law of Appreciation.
Day Four

Wednesday 7th February

Margsol - Barberton gold sites

3rd Law of Communication
Mitch's Wildlife Rehab Centre, Barberton Mountainlands

Our key focus on this day's adventure is to deepen our telepathic communication with the animals at an ethical rescue center. The 3rd Law takes heart-to-heart communication across the species barrier, using long-forgotten technologies of the heart. Our journeying takes us over more spectacular panoramic views to Barberton crater, site of first life and first gold, lining up with the Golden Meridian of First Time, known to the ancient Egyptians as Zep Tepi, wherein are hidden the legendary King Solomon's mines. Linda explores the link between gold and life, the Solar Logos and Stellar Logos, on the earth's central axis: Axis Mundi.

We conclude our day a with a spectacular sunset and sun-downers at "Orange Restaurant", before returning for a quiet fire-side dinner home-from-home at Margsol Guesthouse.
Day Five
Thursday 8th February

Arrival at Tsau - through the Dragon Mountains

4th Law of Nurturance and 5th Law of Radiance

We set out early on another spectacular journey through the **panoramic route**, followed by pilgrims in search of gold before us, to spectacular sites such as God’s Window, Three Rondavels and the Bourke’s Luck Potholes.

We continue along the golden ley-line of the Nilotic Meridian up the tail of the Drakensburg (Dragon) Mountains, a massive tectonic plate which links with the East African Rift Valley, following part of the route of the great elephants who walk the ley-line in their migration. We stop-off at a truly unique spot called Potluck where the group can break the day with a gentle amble along a pristine river course, also known as “the place of the Golden Dragon” where gold nuggets were found in the lava potholes, and the Dragon is believed to have laid her golden eggs...

Rejuvenated and ready to encourage fresh growth in ourselves and others through the powerful 4th Law of Nurturance, we find ourselves on the cusp of the Kruger to Canyons Biosphere, declared by the United Nations as the world’s third largest biosphere region. It is here, at the epicenter of this massive nature reserve region, in precise alignment with the great Sphinx of Giza due North, that the fabled White Lions were birthed by miraculous natural occurrence.

We drop down over the edge of the escarpment at sunset to arrive at Tsau, the White Lions’ heartland, where we are welcomed for a traditional meal around the fire.
Day Six
Friday 9th February
Tsau – White Lion Heartlands

At the epicentre of the massive nature reserve region known as the Kruger to Canyons Biosphere, in precise alignment with the great Sphinx of Giza due North, the fabled White Lions were birthed by miraculous natural occurrence. Declared a “sacred site”, by African Kings for many hundreds of years, due to the mysterious occurrence of snow white lions in this region only, the name Timbavati means “the Place where the Starlions came down....” Steeped in the 5th Law of Radiance, meet the Children of the Sun free roaming on their ancient ancestral heartlands.

Picnic under the Giant Fig Tree and walk the riverine to the Rock Star Lion monument, on the plateau now redesigned by renowned sculptor, Andries Botha, with an ascension spire aligning on the gold line of Giza.

Commune with the White Lions during daily dawn and dusk scientific tracking and monitoring of the Royal Prides. Delicious, healthy and often traditional meals, prepared by our Shangaan Chef, will be savoured at Camp Unicorn.

Day Eight
Sunday 11th February

Tsau – White Lion Heartlands (Optional excursion into the Kruger National Park (additional $130))

11th Law of Liberation
An invigorating day with an invitation to explore the 11th Law of Liberation, as we “uncage our Gifts” and envision how to share them with the world - whether you choose to indulge in another exciting day’s excursion, or opt for day of rest and relaxed creative dream-visioning in the woodlands at Camp Unicorn.

The world-famous Kruger National Park is one of the world’s biodiversity hotspots. Every species of South African animal can be seen in this wilderness area, which is near to Tsau. Our driver guides will take us on an unforgettable all-day meander through the elephant, giraffe, zebra and antelope populated savannah lands of Kruger, dotted by rivers and ponds where crocodiles and hippos emerge to sun themselves. Whatever you may see is a blessing from the great creative Force that is Mother Nature; do not be limited by expectations of viewing the so-called “Big Five”, any encounter with creatures in their natural eco-system is a profound privilege. As “King of Kings”, the White Lion is the true “Apex Predator”, or “capstone species”, at the tip of the pyramid of life, governor of all other creators great and small in these wilderness lands.

Stop-off at a full-service rest stop with food court for lunch and shopping at the large gift shop.

After a rich day’s experience, we are welcomed back to Camp Unicorn with a delicious supper and tranquil evening’s “story-telling, sharing and integrating our personal connections with Nature around the camp fire under the star-studded African skies. No better way to prepare us for tomorrow’s journey into the 12th Law of Aspiration: Rediscover the Stars.

12th Law of Aspiration
Out to Lions in silence, as the rising sun on this day deepens an application of all the Laws learned, and preparing ourselves to embrace our “Star” potential. We enter into the realm of deep silent fasting, journeying deeper into the power of silence: How to communicate, listen, hear, comprehend, and appreciate your natural environment at many levels previously unseen, unheard, ignored and unappreciated. Use this time to journal and reflect on what kind of pawprint you want to make in the world.

Golden sunset as honored guests of the Royal Family in their pridelands: communing with the Lionheart in deep silence tapping into the cosmic Heartbeat

Silence/Fast/Night guarding the central fire under the Stars at RockStar.

Day Ten
Tuesday 13th February
Tsau to Keurboomstrand

Break the silence over morning coffee around the fire, with anecdotal sharing, and reflect on messages received from the Great River of Stars overnight, in the Place where the StarLions came down and the importance of passing on the flame. From the Heartland of the animal kingdom and the epicenter of the earth’s landmasses, we head to the coast to conclude our adventures. After lunch, we catch an internal flight to South Africa’s amazing Garden route – a true Garden of Eden.

Day Eleven
Wednesday 14th February
Keurboomstrand

6th Law Regeneration

Deep regenerative rest as we settle into Keurboomstrand - the beautiful seaside destination at the Delta of the underground Nilotic river of gold. Two days of bliss as we reconnect with the Great Mothers, restoring ourselves and our true natures whilst serving Nature. As we walk the pristine beaches we remind ourselves of our commitment to life and the eternal process of renewal. In the presence of the whales, ancient Akashic record keepers, we reconnect with our purpose and restore our motivation to serve the Great Plan.

Day Twelve
Thursday 15th February
Majes River rock shelter and Cathedral Rock

13th Law of Elimination

We walk through pristine forests to an ancient rock shelter at the Majes River mouth which overlooks the sacred Cathedral Rock. Remembering our origin we revisit all the laws deciding what to shed, clear and eliminate from our lives so that we can embrace our highest future. In deep ceremony and in perfect alignment, we release all that no longer serves the Great Plan in preparation for the return journey.
The 13 Adventures were perfectly timed to culminate with the solar eclipse, ensuring that the trainings in Elimination and Regeneration prepare participants for positive life-changing events in your life and environment, going forward. The powerful solar eclipse at this time takes place on the Leo-Aquarius Axis, harmonizing with the leadership signatures you are helping to birth through the 13 Laws of LionHearted Leadership. This is the Way of the StarLion...the way of the future. In LionHearted Leadership training, we refer to this process as: A-Lion-Ment.

Assisted by the expertise of Leadership Academy Faculty Member, depth-psychologist Mae Naude, we conclude our journey with the 13th Law of LionHearted Leadership™: Elimination: “Cleanse your Kingdom”. This powerful Law assists all the others. No better setting as you walk these pristine shores, where your footprint charts your unique route in preparation for your return journey, helping you to understand what you need to shed from your life - to step into your purpose. The 13th Law of Elimination concludes with the Solar Eclipse, as we leave we prepare to behind unwanted baggage and return, enlightened, homeward bound.
